

Under the auspices of the
**PRESIDENCY OF THE
REPUBLIC OF TÜRKİYE**

11th European Conference on Tobacco Control (11th ECTC)
Under the Auspices of the Presidency of the Republic of Türkiye

Third Announcement
Protecting Children from Nicotine Addiction
Science • Policy • Society • Global Action
Hilton Istanbul Bosphorus, Istanbul, Türkiye | 4–6 November 2026
<https://ensp-ectc.org/>

We are pleased to announce the release of the **updated programme of the 11th European Conference on Tobacco Control (ECTC)**, which will take place in Hilton Istanbul Bosphorus, Istanbul, Türkiye, on **4–6 November 2026**.

The rapid expansion of new nicotine products presents an unprecedented threat to children and adolescents. Protecting children from nicotine addiction requires a united effort that brings together scientific evidence, public-health policy, education, prevention and international cooperation.

Organised by the **European Network for Smoking and Tobacco Prevention (ENSP)** in partnership with the **Turkish Green Crescent Society** and the **International Federation of Green Crescent (IFGC)**, under the **auspices of the Presidency of the Republic of Türkiye**, the Conference will bring together leading international organisations, scientists, healthcare professionals, policymakers, educators, youth representatives and civil society to address the most pressing challenges in tobacco and nicotine control.

The updated programme features a wide range of important lectures, announcements and significant developments in tobacco control, with a particular focus on protecting children and young people from nicotine addiction, strengthening prevention strategies and advancing international collaboration.

Representatives of leading international organisations have already confirmed their participation, making the Conference an important opportunity to exchange expertise, strengthen partnerships and contribute to a coordinated global response to the evolving nicotine threat.

We warmly invite you to explore the updated programme and join us in Istanbul as we work together to protect children from nicotine addiction.

Explore the updated programme: <https://ensp-ectc.org/>

Together, let us protect children from nicotine addiction.
